

ZUBAIR SULTANI

SOFTWARE ENGINEER

PROFESSIONAL SUMMARY

Results-driven Software Engineer with 2+ years of experience designing and building scalable web applications for international-development clients in Afghanistan. Skilled in full-stack JavaScript development, API architecture, and leading small engineering teams. Proven record of delivering secure, ATS-friendly digital products on time for NGOs, banks, and public-sector partners.

I'm a Full-Stack Web Developer, Freelancer, and Bachelor of Computer Science(BCS) student from Afghanistan. I was honored to First Position in the Faculty of Computer Science at Kunar University. I specialize in building modern, secure and scalable web applications using React, Node.js, Express.js, MongoDB, and other modern technologies
